I. Welcome and Introductions

Dr. McLees welcomed the Committee and Affiliates. Introductions were made.

II. Call to Order

The Chair, Dr. McLees, called the meeting to order.

III. Approval of the Minutes

Dr. McLees recommended the third paragraph under Other Business be rephrased to read: *As a general topic of discussion, it was noted that the Committee supports those measures that help prevent individuals with disabilities from being overprescribed medications with addictive potential (e.g. prescription monitoring programs).* Motion was made by Margaret Schenck and seconded by Tracy Mullins to approve the minutes of October 21, 2009 as amended. Motion carried.

IV. Advocate's Report

Nan Neese, Regional Human Rights Advocate, announced that all required reporting should be forwarded to Deborah Jones, Human Rights Advocate. Affiliates may file a one page form when immediately reporting allegations of abuse, complaints, and serious injuries or deaths. The Advocates' fax machines (and paper supplies) can not manage the multiple-page reports the agencies may use for one incident given the volume of incoming. If additional information is needed the Advocate will request it. Monthly cumulative reporting is not required, but will be happily accepted.

The LHRC Annual Report form with instructions will be e-mailed to the Affiliates. Sections without incidents may be deleted. Licensing citations related to Human Rights issues are to be reported to the Committee as they occur in addition to be document in the Annual Report.

The automated human rights reporting system is in development. It is scheduled to be in use next year.

Due the continued decrease in Licensing and Human Rights staff, both Offices are collaborating about more consistency especially related to expansions and additions of services. Affiliates are reminded to reference the Licensing web site for instructions on how to apply to add new locations or services. Configuration of the Office of Human Rights' regions continues to be under review.

Affiliates are reminded that the annual Restraint and Seclusion Report is due by January 15th to Central Office.

V. Financial Report

Franklin Horton, Cumberland Mountain CSB reported the Committee's account has a current balance of \$3, 099.98. Mr. Franklin reminded the Committee that funds are available should they wish to be reimbursed for mileage. Given the fact that no funds were used during the previous year and there is no training currently scheduled, Mr. Franklin suggested the annual affiliation fee be waived and a prorated fee be charged to new Affiliates. A motion was made by Charles Stapleton and seconded by Ms. Mullins to waive annual affiliation fee until the balance goes below \$1000 and any new Affiliate be changed a prorated fee. Motion carried.

VI. Revision of Program Rules

Lorie Horton, Highlands Community Services presented the revised program rules for Mental Health and Substance Abuse Outpatient Services. The Committee recommended the rules be split into two set of rules, one for general outpatient services and a second specifically for the Suboxone program. They recommended that rule 11 on page 2 be made more general and the overall reading level be lowered. Ms. Horton is to present revised version of the rules at the next meeting. The Committee tabled any further action until that time.
